

3-D: A new way to vision the future for students:  
Empowering Students to Discover and Design their Dreams!

# More Than A Benchmark

The kid-FRIENDLY College and Career Readiness Counselor (CCRC) activities in Year 2 will help students discover their interests, articulate their dreams, and design a pathway through high school that readies them for their future careers.

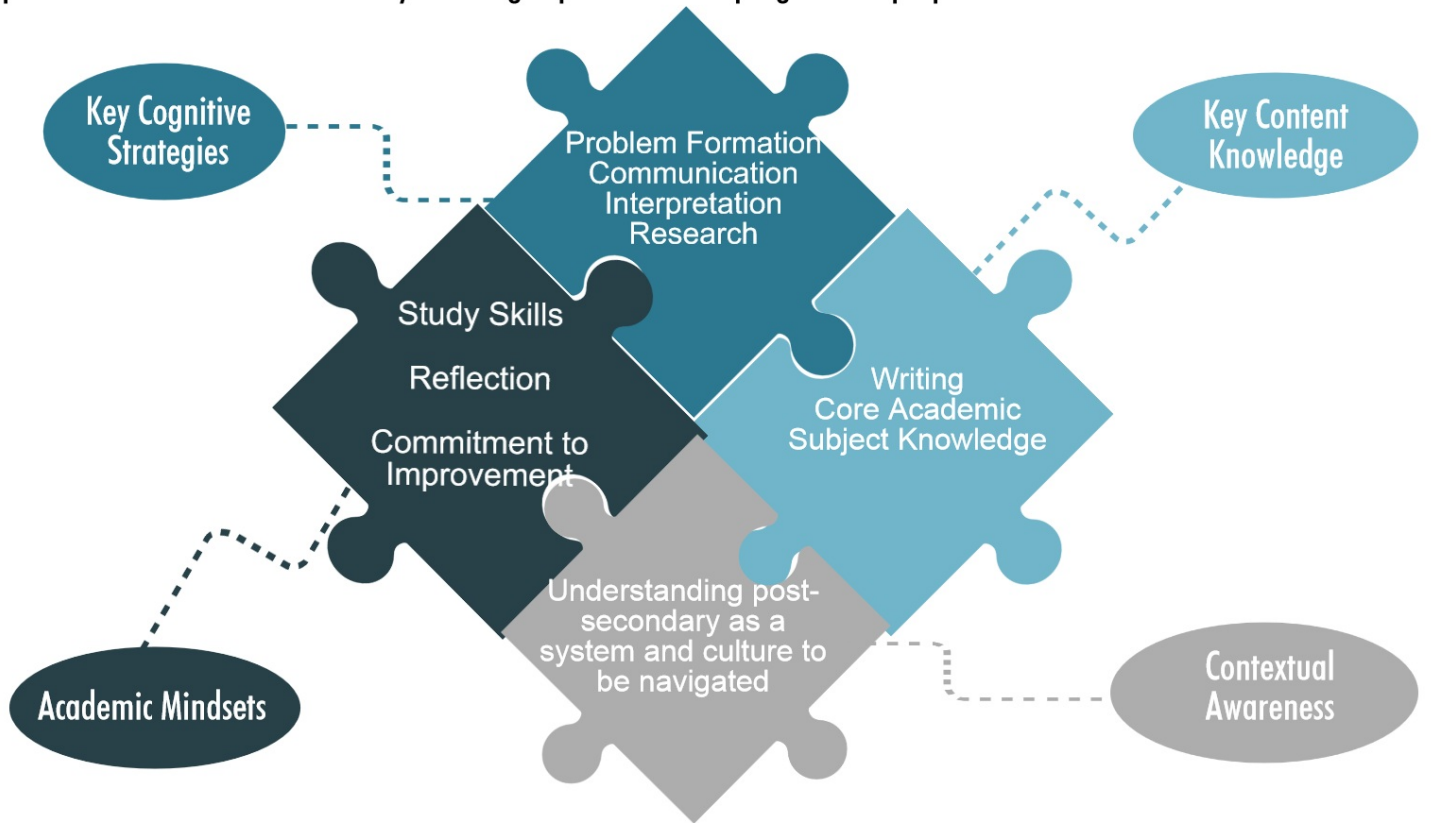

## Circle of Influence - Year 2

The focus of a kid-FRIENDLY CCRC is to help all stakeholders value students as more than a benchmark. We are all committed to preparing well-rounded students who have the "GRIT" and the academic skills for post-secondary success.

# Four Dimensions of College and Career Readiness

"These areas encompass the areas for which high schools can reasonably be expected to take primary responsibility to provide all students the necessary learning experiences and programs of preparation."  
David T. Conley

## Year 2 Activities

**Cultural Competencies:**  
Embracing students as individuals

**"GRIT Profile" Data:**  
Share data with Leadership or Data Team(s)

**Outreach:**  
Collaborate with elementary and middle school stakeholders to provide training materials and assistance

**Support students as they... DREAM**

**kid-FRIENDLY Career Exploration Program:**  
promote elementary, middle and high school career exploration over the student's academic career

**kid-FRIENDLY Website for Students and Families:**  
Tools to "demystify" the transition to post-secondary life for families and students

**WIN Software and Strategic Compass**

**Support students as they... DESIGN**

**Six Year Plan:**  
Students map a course of study for high school and beyond

**Personal Greatness:**  
GRIT Team Membership for CCRCs

**Support students as they... DISCOVER**
