

## GRREC/OVEC kid-FRIENDLY Project Presents

### Observing, Reflecting and Revising to Reach Higher Levels of Cognitive Engagement

#### *A 3-Day Professional Learning Experience*

Choose from 2 Locations to better serve you in 2015-2016

Expertise doesn't come naturally. Developing a skill takes time, effort, energy, and reflection. Gaining an awareness of our students, content, and pedagogy, observing the impact of our actions, and adjusting our course of action based on the feedback we receive from observations will offer the opportunity to improve personalized, engaged learning experiences for learners.

*"We do not learn from experience...We learn from reflecting on experience"* (John Dewey) In this work we recognize the need for observations of students cognitively engaged in learning experiences in a one-to-one environment. **Observing, Reflecting and Revising to Reach Higher Levels of Cognitive Engagement** will allow you opportunities to observe students in such learning environments. Additionally, through the use of a structure to improve practice and students' personalized learning experiences, participants will participate in reflective conversations to improve both their own practice as well as the learning experiences for students.

#### Presenters: John Antonetti and Terri Stice

John Antonetti is former Director of K-12 Curriculum in the Sheridan School District in Arkansas. Once described by Larry Lezotte as a "teacher's teacher," John is an advocate of experiential education and recognizes that all learners learn best when they work together to solve real world problems in safe, cooperative environments.

Terri Stice brings 22 years of experiences dedicated to the effective and efficient use of technology to support teaching and learning. She is an Apple Distinguished Educator, an Apple Certified Foundations Field Trainer, as well as a Google Certified Teacher.

#### You Choose - When & Where

**Sept 9, Nov 10, and Dec 10**

**Stuart Pepper Middle School**

1085 Old Elkron Road

Brandenburg, KY

8:30-3:30 (EST) - Registration and light breakfast at 8:00 a.m.
