

GRREC/OVEC kid-FRIENDLY Project Presents

YouTube for Educators

Choose from 2 Locations to better serve you in 2015

YouTube allows billions of people to personalize, discover, create, and share originally created videos. YouTube provides a forum for people to connect, inform and inspire others across the globe and acts as a platform for personalized learning, content creators, teachers, and advertisers. As an educator, whether you are considering using videos in your lesson plans, adding historical videos into your social science class, or conducting a video field trip of ancient Roman ruins, YouTube is a great tool for better teaching and learning.

YouTube for Educators provides a hands-on learning opportunity for teachers to explore the possibilities of utilizing this incredible free tool in the personalized learning environment.

You Choose - When & Where

July 8, 2015

Oldham County Administrative Annex

1800 Button Lane

LaGrange, KY

8:30-3:30 (EST) - Registration and light breakfast at 8:00 a.m.

July 9, 2015

Green River Regional Educational Cooperative

230 Technology Way

Bowling Green, KY

8:30-3:30 (CST) - Registration and light breakfast at 8:00 a.m.

Presenter: Alice Keeler

Alice is a passionate educator who believes that professional development is not always formally delivered. She is a technology missionary, on a quest to inspire and help teachers to try something new. More than idea sharing Alice works with teachers to make vision reality. She does not settle for the status quo, there is always a better way something can be done and technology can help make it happen. She is passionate about students learning, understanding and being able to apply their learning. In this

6-hour hands-on learning experience, participants will explore the possibilities of what YouTube has to offer educators. Topics will include: YouTube Creator Studio, Channels, Analytics, Editing, Playlists, Video Manager, Hangout on Air and more! Check Alice out at www.alicekeeler.com

Who Should Attend Leaders and teachers interested in creating highly engaged digital learning environments.
