

Sandra Baker has retired effective September 30, 2015. Please be aware that today I have moved Donna Link to the position of project director of the Race-To-The-Top grant. Donna was moved for many reasons some of which are: her knowledge of the grant, her close working relationship with our GRREC districts, her relationship with OVEC, her relationship with the grant evaluators, her relationship with USDOE personnel, and her ability to finish. She is the right person at this time to lead this work.

Donna and I look forward to enhancing our relationship with your district and schools. Thank you for your continued support. Please call on either of us if we can be of help.
