1. June 22, 23, 24 Design Thinking Workshops Cancelled

This is the last year kF will have a national DT trainer working with us so this is the time to build DT capacity for your district. While we have cancelled the OVEC-area workshops for school and district teams, we are **still registering teachers for the July 16/September 30 workshop**. Aaron worked with “our” folks (Susan Dugle, Cricket McClure, Reggie Taylor) to design these because we want to make sure they are aligned with KY standards and expectations. They will meet here at OVEC to learn about then use DT to plan lessons AND will have the ongoing support of colleagues and facilitators as they try it out. For more information contact Molly Sullivan (msullivan@ovec.org)
