Subject: OVEC kF Weekly Memo, October 2

1. Points of Contact, please plan to meet with Molly after OVSO/after HiQ meeting October 8 (lunch provided). Topics (so far) include:

- Introduction of Donna Link, kF Project Director
- Your questions/issues
- Follow-up to Sept. 18 Forum (learning lab procedures, next steps for districts, next steps for schools)
- Updated participation information
- Questions about data collection?
- South by Southwest Education Conference
- Agenda for October 20 principals' meeting following OVOP

2. Reminder: I have attached another copy of the HS Mathematics PD flyer (Algebra 1, Algebra 2, Geometry); registration is extended until October 7. We anticipate this being the only time this is offered so I want to make sure all OVEC HS folks know about it (OVEC registrations make up 9 of the 18 registered at this time).

3. Reminder: I have attached a copy of the calendar of events.
